

Name: **Noah Schulman**
Student ID: **931037056**

Course: CSci 435/535

1. Question 1 will **not** be graded.

i) What is your academic status and *long-term goals* (e.g. junior seeking PhD)?

I am a Senior. I would eventually like to pursue some kind of job related to computer science, likely in software engineering or cybersecurity. I am considering getting a Masters degree prior to that, however.

ii) What are your major(s) and minor(s)? (write your answer here)

Computer Science major, Data Science minor

iii) What is your preferred OO programming language?

a. C++

b. Java

c. Other (specify)

iv) How long have you been programming?

a. More than 2 years

b. Between 1 and 2 years

c. Less than 1 year

v) How well do you know OO programming?

a. Very well

b. So and so

c. I do not know OO programming

vi) How many lines of code have you written?

a. Over 5,000

b. Between 1,000 and 5,000

c. Less than 1,000

vii) Have you worked (at your work place or at school) in teams?

a. Yes, in teams with 4 or more members

b. Yes, in teams with 2-3 members

c. No, I have not worked in teams

viii) Did you work in a programming environment outside school?

a. Yes

b. No

ix) Did you use any UML diagrams for designing software?

a. Yes

b. No

ix) Have you used any version control system for software development?

a. No

b. Yes, SVN

c. Yes, GIT

d. Yes, Other (specify)

x) Have you use any bug tracking system?

a. Bugzilla

b. Jira

d Other (specify) Just the GitHub issue tracker

xi) Did you work with open-source software before?

a. Yes

b. No

xii) If you answered yes to the previous question, what was the largest software system (in terms of the lines of code) that you modified before?

xiii) Why do you take this course? (briefly write your answer here)

I would like to pursue a career in software engineering at some point, and I would like to gain more experience with this. I feel like I have learned a lot of useful theory so far in my CS education, but I would like more practical experience.

xiv) Do you have any Android programming experience? How many years? How many apps have you written?

Just the Software Development Maze Game application.

xv) Who among the students signed up for the class would you like to be in your team?

Alex Kolar, Charlie Dobson, Jake Richardson
